COLLEGE OF HEALTH SCIENCES

**RESEARCH ADMINISTRATOR
(1-Year Fixed-Term appointment, renewable)
GERIATRICS
SCHOOL OF CLINICAL MEDICINE
MEDICAL SCHOOL CAMPUS**

REF NO.: T/CM02/2017 (re-advertised)

The Department of Geriatrics is involved in a number of research projects, including the FRAX® study, which is a multicentre study (KZN, Gauteng and Western Cape), and MMed and PhD projects. The successful candidate will be responsible for coordinating the research projects of the department including the implementation and day-to-day running of the FRAX® study in the three selected provinces under the leadership of Professor B Cassim (University of KwaZulu-Natal). S/he will be required to engage the other Co-Principal Investigators, the Finance Officer of the College of Health Sciences, University of KwaZulu-Natal, and the specific region lead investigators, research coordinators and fieldworkers, finance (accountants) and administrative officers at all project sites. You may be required to perform additional roles as determined by the Principal Investigator.

Furthermore, the successful candidate will:

- Manage the FRAX® project and ensure that pre-established work scope, study protocol and regulatory requirements are followed;
- Recruit and train field workers as appropriate and serve as principle administrative liaison for the project;
- Develop and maintain an electronic database;
- Recruit and enroll research participants if necessary AND
- Assist and manage the MMed and PhD research projects in the department.

Minimum Requirements:

- Grade 12;
- Three-years' experience in clinical Research studies AND
- One year Experience with electronic databases (collation and data entry).

Essential Requirements:

- Good verbal communication; problem-solving; planning/organisational skills;
- Personal motivation;
- Project Management capabilities;
- Own transport and ability to travel to the study sites in Cape Town and Johannesburg;
- Strong knowledge of research administration including the following aspects:
 - Quality assurance
 - Research ethics, with training in and understanding of Good clinical practice and current certification;
- Knowledge of UKZN policies and processes;
- Interpersonal skills and supervision of field workers AND
- Office management: advanced computer skills.

Advantage:

- Knowledge of statistical databases.

Shortlisted applicants may undergo a skills test.
