INFORMATION AND COMMUNICATIONS SERVICES

RE-ADVERTISEMENT

MANAGER: ICS INFRASTRUCTURE
(PEROMNES GRADE 06)
All campuses

REF NO. ICS 08/2018

The purpose of the job is primarily to drive the ICS division toward its overarching objective of compliance with the UKZN it strategy. ICS is client centric and a singular team with no silos, which means that as a need/crisis arise in any part of the team, all teams members are required to make time available to support the area of the team that is in need.

Furthermore, to manage the functions, across all 5 campuses and affiliate institutions of:
1. IT Infrastructure
    - Server and network hardware acquisition, implementation and maintenance
    - High Performance Computing infrastructure implementation, configuration and maintenance
    - Internet and inter-campus connection maintenance and administration
    - Network administration and 3rd line support (Switching, Routing and Wireless)
    - Oversee Data Cabling installations and maintenance
    - Oversee Telephone systems installation, maintenance, support and administration
    - Communications implementation and maintenance (Audio Visual, voice and data)
    - Remote access maintenance and support

2. Innovate internal ICS developments to pro-actively advance the service quality of ICS

THE INCUMBENT WILL REPORT TO THE DIRECTOR: INFRASTRUCTURE NETWORKS AND COMMUNICATIONS

MINIMUM JOB REQUIREMENTS AND EXPERIENCE
- Relevant IT certification and Relevant Bachelor's degree or equivalent there year IT qualification
- A minimum of 7 years relevant working experience, in a busy and pressurized environment in a large organization.

ADVANTAGES:
- Incident Management Software experience (preferably Heat)
- Technical Hands on experience with Enterprise Video Conferencing Systems
- Technical Hands on experience with Enterprise Wireless Lan Configurations
- Cisco / Microsoft Qualifications
