COLLEGE OF HUMANITIES

ASSOCIATES PROFESSOR /SENIOR LECTURER

ARCHITECTURE

SCHOOL OF BUILT ENVIRONMENT & DEVELOPMENT STUDIES

HOWARD COLLEGE CAMPUS

REFERENCE NUMBER: BEDS01/2022

The School of Built Environment and Development Studies seeks to appoint the position of a Senior Lecturer to teach, train, supervise, and provide academic leadership within the Discipline of Architecture. The successful candidate will be expected to build a national profile as a professional architectural educator, lecture to postgraduate students; contribute to the academic and management functions of the discipline and the School; conduct and publish research, as well as raise the profile of the discipline with the professional community of Architects in South Africa and abroad. A minimum requirement for the Senior Lecturer post is both a coursework masters' degree and a doctorate in Architecture or related built environment discipline. All applicants must have an active registration with SACAP (South African Council for Architectural Profession). The following are specific requirements for the post:

ASSOCIATE PROFESSOR

- Master's degree by course work in Architecture and a PhD in Architecture or related field in the built environment;
- Five years' experience in either teaching/lecturing / research or industry experience in the relevant field or discipline;
- At least two of which must be teaching;
- In-depth knowledge of design process and design studio management at undergraduate and postgraduate levels.
- Professional registration or eligibility for registration as a professional architect with SACAP (South African Council for Architectural Profession);
- A thought leader with an academic and research profile having led and/or co-led several research projects as principal investigator (P.I.) or Co-P.I.;
- Evidence of management and leadership experience in tertiary, industry, or research institution setting;
- Desire to contribute to leadership and engagement within the School, University and the broader community;

- A current record of research as evidenced by a number of publications in accredited journals, books, and peer reviewed conference proceedings;
- Successful student supervision at the post graduate level (Master and PhDs) and/or extensive mentorship in an industrial or research environment;
- Evidence and ability to teach, assess and supervise undergraduate and post-graduate students effectively across a variety of architecture modules/courses, such as Architectural Technology and Construction, Building Science, and History of Architecture;
- Evidence and ability to develop curriculum and engage with quality assurance;
- Successful third-stream income generation (fundraising) to external bodies for research and practice-based projects and accreditation purposes;
- Computer proficiency, good knowledge of the academic discipline in a Higher Education environment and involvement in professional activities where applicable;
- To participate in the Disciplines' strategic initiatives relating to teaching, research and community engagement.

SENIOR LECTURER

- Master's Degree by course work in Architecture and a PhD in Architecture or related field in the built environment;
- Three years' experience in either teaching/lecturing / research or industry experience in the relevant field or discipline;
- At least two of which must be teaching;
- In-depth knowledge of design process and design studio management at undergraduate and postgraduate levels;
- Professional registration or eligibility for registration as a professional architect with SACAP (South African Council for Architectural Profession);
- An emerging thought leader with an academic and research profile having led and/or co-led research projects as principal investigator (P.I.) or Co-P.I.;
- Evidence of management and leadership experience in tertiary, industry, or research institution setting;
- Desire to contribute to leadership and engagement within the School, University and the broader community;
- A current record of research as evidenced by publications in accredited journals, books, and peer reviewed conference proceedings;
- Successful student supervision or extensive mentorship in an industrial or research environment;
- Evidence and ability to teach, assess and supervise undergraduate and post-graduate students effectively across a variety of architecture modules/courses, such as Architectural technology and construction, Building science and History of Architecture;
- To prepare and submit proposals and applications to external bodies, e.g. for funding and accreditation purposes;

- Computer proficiency, good knowledge of the academic discipline in a Higher Education environment and involvement in professional activities where applicable;
- To participate in the Department's strategic initiatives relating to teaching, research and community engagement.
