LECTURER NGAP (MECHANICAL ENGINEERING)  
HOWARD COLLEGE**

**REFERENCE NUMBER.: ENG05/2019**

Are You interested in becoming a researcher that contributes to the cutting edge of knowledge in the field of Mechanical Engineering? Are you inspired by facilitating the learning of others so that they can apply their knowledge back into the field of Mechanical Engineering, which deals with the sub-disciplines of design, thermodynamics, fluid mechanics, heat transfer, solid mechanics, dynamics, mechatronics, manufacturing and materials science? Do you want to grow into an academic researcher in this exciting field? If your answer is yes, then we would like to offer you an exciting opportunity, in collaboration with the Department of Higher Education's New General Academic Programme, to join the University of KwaZulu-Natal and become part of our journey to becoming the premier University of African Scholarship. The successful candidate will be expected to register for a doctoral degree at UKZN and will be closely mentored to become and academic through a programme designed to assist with early career development.

The incumbent will report to the Academic Leader of Mechanical Engineering

**Minimum requirements:**

- A BSc Engineering or B. Engineering degree in Mechanical Engineering
- A Masters degree in Mechanical Engineering
- South African Citizen

The successful applicant will be expected to complete a PhD within 5 years from the date of assumption of duty.

A brief statement of motivation regarding the applicant's aspiration to become an academic and a researcher must accompany the applications.

These appointments will be made in line with the University guidelines/benchmarks which are available on the University Vacancies website on <http://vacancies.ukzn.ac.za/Academic-Process-Proc-Guides.aspx>.
