

The University of KwaZulu-Natal is committed to meeting the objectives of Employment Equity to improve representivity within the institution. Preference will be given to applicants from designated groups in accordance with our employment equity plan.

**COLLEGE OF HEALTH SCIENCES
SCHOOL OF NURSING AND PUBLIC HEALTH
PROFESSOR/ASSOCIATE PROFESSOR
E-HEALTH
DISCIPLINE OF TELEHEALTH
HOWARD COLLEGE CAMPUS
REFERENCE NUMBER: NPH02/2023**

The School of Nursing and Public Health wishes to appoint one academic with relevant experience in e-health who will be based in the Discipline of Telehealth, Howard College campus. The candidate will be expected to develop and contribute to multidisciplinary team-based research, and to post graduate teaching and research supervision in the Discipline.

The academic designation/salary grade of the successful incumbent will be determined during the selection process in line with the University Senate-approved criteria for academic promotions which is available on the HR Vacancies Website –

<http://vacancies.ukzn.ac.za/Home.aspx>

Minimum Requirements for consideration:

Associate Professor

- PhD in e-Health, Medical Informatics or Telehealth
- Minimum of six years relevant experience in teaching and curriculum development, research and/or industry.
- Evidence of a current and sustained track record of research publication with a career minimum of 18 publications in peer-reviewed journals.
- Track record of recent successful supervision of postgraduate students at Masters and PhD students.
- Excellent knowledge of e-health domains particularly machine learning, system design, development and implementation, programming e-health systems, mobile health and e-health legislation.
- Evidence of sustained and successful attraction of external research grants as Co-PI or PI.

Professor

- PhD in e-Health, Medical Informatics or Telehealth
- Minimum of nine years relevant experience in teaching and curriculum development, research and/or industry.
- Evidence of a current and sustained track record of research publication with a career minimum of 31 publications in peer-reviewed journals.
- Sustained track record of successful supervision of postgraduate students at Masters and PhD students.

- Excellent knowledge of e-health domains particularly machine learning, system design, development and implementation, programming e-health systems, mobile health and e-health legislation.
- Evidence of sustained and successful attraction of external research grants as PI.
- Evidence of international research collaborations.
- Evidence of active and impactful participation in government or academic advisory bodies or Professional e-health bodies.
- Evidence of strong and sustained academic leadership, which includes mentorship of emerging scholars/researchers in the field of e-health.
